

Regulated Price Plan: *Forecast Breakdown of Generation Supply (kWh) vs Cost to Supply RPP Consumers (\$)*

Ontario Generation by Category (% of kWh)

Components of Total RPP Supply Cost (% of \$)

Notes:

- *OPG Prescribed* is nuclear and large hydroelectric generation paid 'regulated' prices
- *CDM Spending* is related to Conservation & Demand Management programs of the Ontario Power Authority (OPA)
- *Other Contracted* is generators that have entered into contracts with the OPA and former Ontario Hydro
- *Market Based* is generators that are paid solely based on bids and offers in the wholesale spot market
